

Santen Launches *Sante Kaiteki 40*, an OTC Eye Drop, on November 20

November 20, 2013, Osaka, Japan ---Santen Pharmaceutical Co., Ltd. announced the launch on November 20 of *Sante Kaiteki 40*, an over-the-counter eye drop.

Accommodative dysfunction associated with aging and overworked eyes are known to cause blurred vision and visual fatigue. Santen developed *Sante Kaiteki 40* in the hopes that a refreshing drop of this solution will help those with eyes strained by such problems lead a more comfortable life.

◇ Features

- ① Improves blurred vision and eye fatigue through the dual action of natural vitamin E (d- α tocopheryl acetate), which promotes circulation and inhibits oxidative stress, and neostigmine methylsulfate, which enhances accommodation
- ② Delivers a refreshing sensation with a coolness degree of 3
