## **Santen to Support People in the Philippines Affected by Typhoon Haiyan through Donations**

November 29, 2013, Osaka, Japan—With the aim of supporting people in the Philippines affected by Typhoon Haiyan, which hit the country on November 8, 2013, Santen Pharmaceutical Co., Ltd. has decided to donate three million yen and launch a matching gift program under which the company will make donations to match its employees' donations. The company will make these donations through the Japanese Red Cross Society and Japan Platform, a non-governmental organization dedicated to emergency relief and humanitarian aid.

Santen is also planning to offer other support, such as providing its medical products (including non-prescription drugs).
