

Santen Inc. Head Office Relocation

April 14, 2011, Osaka, Japan ---Santen Pharmaceutical Co., Ltd. today announced the relocation of Santen Inc., its U.S. subsidiary, as below.

1. New location

2100 Powell Street, Suite 1600, Emeryville*, California 94608, U.S.A

*Emeryville is located in the suburbs of San Francisco and is approximately 26km from the San Francisco International Airport.

2. Planned timing of relocation

July, 2011

3. Purpose

Being Santen Group's vital research & development base in North America, Santen Inc. actively conducts clinical development and business development activities to enhance the Group's product pipeline. In the light of further driving its R&D functions by expanding its clinical development organization, Santen Inc. decided to relocate its office as mentioned above. The new site was selected as the optimal location to attain talents, as well as improving our existing and experienced employees' commuting conditions and access to transportation.

The company's Irvine Office, focusing on business development, will continue to operate in the current location.
